

UTJ Note 1.

Our very dear friend,

How are you feeling now that the Chief Justice has belittled his Judges and reduced them to the level of school-going children?

Come to chambers at or before 8.00 am or be caned/dismissed Apa macam ini?

THIS IS CONFIDENTIAL. Please DO NOT divulge to anyone even though they are equally keen to read such a Note. As for you, dear friend, enjoy the Note and treasure it!

We have a JAM which means Judicial Association of Malaysia. The members are honest and highly respected. Their committee compiles the UTJ which means Understanding the Judiciary Notes.

When you find these UTJ Notes informative, truthful, useful and interesting, please DONATE whatever sum you decide to your religious body. SOS = Save Our Souls.

We like our Judiciary to be held in the highest esteem. We love Malaysia and willingly we will sacrifice our lives in our National Honour. But what is happening to the Judges and the Courts?

In the past the lawyers would bring to courts so many books, law reports and authorities... and they happily cited these to the Judges who would listen and record and then consider and conclude on the FACTS and the LAW. But nowadays they have to bring MONEY/CASH to the judges so he/she can decide in their favour with complete disregard for facts and the law! (And the Court of Appeal also has their collectors, so also with the Federal Court).

We love and honour JUSTICE. So indeed we cannot allow the judges themselves to right wrongs now that the rot has set in at a tremendous pace.

22222222

UTJ Note 2.

Can you remember when the Sessions Court was presided over by the President/ (in those days the Sessions Court had less jurisdiction than today.)?

Then the head of the Judiciary was named as the Lord President.

Suddenly the head did not want PRESIDENT to appear in lower-rung positions. So he abolished President from the Sessions Court. He alone, as the Head, is allowed to describe himself as LORD ALMIGHTY --forgive us-- as Lord President. And as a consequence, the Sessions Court President became Sessions Court JUDGE....and so nowadays the POSITION of judge can cover the Sessions Court, the High Court, the Court of Appeal as well as the Federal Court....and Judge for Beauty contests and swimming and other competitions. Debased?

Tun Ham is a shrewd person.. He made certain he was called LORD PRESIDENT until the very last day in office.....and he made doubly certain that the office time for JUDGES was enforced AFTER he retired from office. Now judges must be IN their chambers before 8.00 am or else face the inquiry and be sacked.

The current Chief is the Chief Justice, no longer addressed as Lord PRESIDENT. And the present CJ uses lowly humans, (like judicial officers, SARs, clerks as well as office-boys) to record the arrival of the Judges, what they do, when they go to the Golf Clubs and so on and he will use these as EVIDENCE to purge those judges

3

UTJ Note 3.

Have you wondered why Tan Sri Azmi, Datuk Peh and Datuk Wan Yahaya are allotted very few Federal Court cases?

Why some of the Court of Appeal judges are allotted very few appeals for them to deal with or are given certain TYPE of cases/appeals?

It was investigated by JAM who discovered the following scam or trickery:

EVERY case and appeal to the Federal Court and Court of Appeal has to be vetted by the Chief Justice, and the CJ will allocate the cases/matters/appeals to specific JUDGES. So far, it looks above board and the Judiciary seems clean, prim and proper!

But Lo! and Behold!

The Chief Justice first sees whether the case/matter/appeal has an interested party, and secondly whether that/those interested party/parties has/have approached him direct or via a henchman(men) in which case the CJ will then make preparations that that/those case(s)/appeal(s)/matter(s) will be attended to by his MEN. As an example, remember the Ayer Molek case? The party interested bribed the CJ direct and the CJ specially appointed AZMEL, a loyal henchman, and directed AZMEL to make certain orders on the assurance that he would sit on the Federal Court and confirm Azmel's orders.

How high can the rot set in?

UTJ Note ⁴

Those who wish to understand the Ketua Hakim Negara must first go to his roots.

How did he come about and what was his true background?

He was born into a poor family and at the outset it must be stressed that that situation must not be one of guilt or shame. But later on when the Ketua went on a frolic of his own, that change causes alarm!

He was born YU SOW CHIN. When he understood that some privileges were going the Malay way, he changed his name to Eusoff (from Yu Sow) in the hope he could gain benefits. Malaysia has been generous to him since...but has he seen it fit to reciprocate by holding Malaysia high or has he downed Malaysia to such a low level where the nation is now held in contempt by citizens and the foreigners alike? He has disgraced Malaysia!

How could one simpleton have done it? Let us go back into the recesses of his mind....he still thinks he is YU = ikan Yu or shark. And being a SOW = another word for PIG or babi, he assumes the characteristics of these non-human forms!

What's in a name? Plenty! We could have chosen AZMI : once before, the Ketua or then Lord President was Azmi who was (still is) highly admired or Wan Yahaya (a rich man from his family property) or one other from the senior Judges! Why did we not?

Tun Hamid must be blaming himself for this bad selection!

UTJ Note 5.

What say you if we tell you that government officers who are junior in status STAY at THE DATAI, a first class holiday resort on Pulau Langkawi whereas the Judges HAD to stay at a 3-star BERJAYA resort when the Judges held their Conference?

Was there something behind the agreement with BERJAYA? Why did the Chief JUSTICE insist that all the Judges stay at the BERJAYA resort when there were several Court matters involving Berjaya still not concluded yet? Would it not have been "molek" (or nice) if another hotel or resort had been chosen to avoid conflict of interest or suspicion?

Why did the CJ compell all judges to stay at the Berjaya premises? (except for Tan Sri AZMI who refused to stay at the Resort but instead stayed at the Sheraton - that's class Tan Sri. The other Tan Sri who refused to stay at Berjaya decided to remain in Kuching!

Later lots of people heard of the CHIEF JUSTICE's close proximity with certain characters. Why, OH! Why Chief Justice as head should bring down the Judiciary which he was chosen to protect? Apa ini? Malaysians are thoroughly disappointed and flabbergasted with the CJ.

Ask the Committee which the CJ specially selected to prepare the Pulau Langkawi Berjaya conference. . . . they too got some gifts! So naturally they are "seronok".

Mampus nama baik Kehakiman!

"Dog commits suicide after owner drowns" AFP.

A Nepalese dog committed suicide after his master died while swimming in a pond. Name of dog: Jackson. Name of the Master: Sirjan.

When the master's body was found the dog approached his master. Licked his feet, rejected all foods and whined. Three days later, the dog went to the same pond, howled three times and then jumped in (Kantipur Newspaper)

Eusoff Chin is a very insecure man...his women discard him. Is this his third wife? PM does not cherish such poor holding power in top guns of the Government.

Eusoff has never written any sound or well-reasoned judgement.....some of his decisions are written by IDRES (an officer on the payroll as a Sessions Court judge but Eusoff has shanghaied him and placed him under Eusoff to do his biddings and write the judgments which are purported to be personally written by Eusoff. How low can one get? The other judgments are drafted by Edgar Joseph Junior. Judges who possess self esteem and do not allow Eusoff to bully them are NOT invited to sit in the same PANEL as Eusoff

Eusoff, in order to protect his behind, has to get some DOGS to be around him. (See the story of the loyalty of a dog) He must gain their loyalty and in return he will grant them favours. He will promote them, he will take them on overseas trips, he will give them many allowances (time off, chances to meet VIPs outside, strong recommendations, payments for certain assignments and several others).

Talk of justice? Here is the Chief himself denying justice!

U.T.J Note 7.

Mokhtar Sidin is one of the most powerful judges because he is within the IN-group of advisers of the Ketua....the special cabinet of the Chief!

Mokhtar has threatened the other Judges... "I can transfer you (that is, the other judges who are not in the IN-group) or reduce you". His wife (whom you must address all the time as DATIN or else you will be faulted or rebuked) has been seen to scold the wives of the other judges and JCs at the golf courses and parties. What an uncouth woman!

Does she realise she is only wife No. 2? She is not to be addressed as DATIN according to Protocol.

Who is this Mokhtar? He looks like an activist from Papua New Guinea. During his time as Magistrate and at the Sessions Court, he had displayed great ability to accept bribes. Tun Hham knew this but as Tun Ham wanted Mokhtar to do his bids Tun Ham selected him as Judge. Melaka state knows of M's prowess in sex and in openly accepting corrupt money and so they refused to honour him with Datuk Wira.

One big bribe Mokhtar received was \$50,000 when he freed a Datuk Yap. Then he graduated to Millions\$ when he decided on the libel action for Tan Sri Tan. Sri Ram, when affirming Mokhtar's decision, received \$x. The other two CA judges, not knowing what was going under, received c00!

(Many other exploits of the Mr Corrupt Mokhtar coming up!)

Computerization of Courts.

The UK, US, European, New Zealand, Australia, India and Singapore Courts, among many others have successfully COMPUTERISED their Courts both records and cases.

Malaysian Courts have NOT done so. Why? Dungoos are in charge!

The CJ and his so-called Computerization Committee are ignorant of computers and also illiterate of the systems. and sadly they do not admit they are not fit to assess computer systems and soft/hardware or what is really required in our Malaysian COURTS.

They pretend they want to know but actually they grab the opportunities by visiting overseas...on holidays. of course, all paid by the Govt. They travelled to UK, Australia, Hong Kong and even to the far corner of Canada...while all time our nice neighbour has all the answers and data just across the causeway in the city of Singapore...and really all that is necessary is to select a few officers who are interested in computers and have undertaken a course in Systems...Presto, the Courts in Malaysia will have an excellent Court System within a few months. But this will stop the CJ and his cronniees from going on overseas jaunts!

When the CJ visited those places, his prime concern was to sight-see. He and his followers did not bother to listen to the presentations or lectures...they had their own programme elsewhere and some were sick!

KFC minority shareholders win case in Appeal Court.

What is the fate of the Laus?

Eusoff Chin was long-faced at the swearing-in ceremony of Malek Ahmad because Malek on the day before had lifted an injunction which now frees the Malay faction and enables them to hold an EGM which can lead to the dismissal of the Laus. Why was Eusoff sad?

Ask him who gave him and his family the FIRST CLASS air-tickets to New Zealand where again this "group" had paid for Eusoff's and family's outings, meals and lodging.

Such corruption in lower mortals would have led to very strong actions by the ACA and the Police but when committed by the Ketua Hakim, there is silence. Maybe the Police and the ACA do not know? Well, now they know!

Ketua turns corruption into an art and Ketua collects only corrupt and corruptable judges to be his henchmen who brief him and do his biddings and collect!

Ask Ketua if he now owns a row of shophouses and several other properties...after he became Ketua? There are facts and evidence against Ketua but the AG and ACA do not seem to want to investigate. Why not emulate the fine example of Vietnam which just charged the top judge for corruption and cheating. Ketua can earn his just deserts.

More on Ketua's activities!

U.T.J. Note 10.

why is it that Ketua ^{only} handles and presides over certain cases in the Federal Court? Cases where one party so interested has met Ketua or contacted him via a certain lawyer or judge or another third party and a bribe has been paid or agreed upon...and Ketua will ensure that party will WIN!

Modus operandi of Ketua:

He will select the Judge if at the High Court Level and then advise or "guide" that judge on what decision to make. Ketua assures that judge that his decision will be affirmed by the Court of Appeal and then by the Federal Court...how does Ketua manage this? He selects "his" judges who are his baruas or, in the terms used by the ACA, his cows/lembus!

The Ketua fully knows that his decision, right or wrong, at the Federal Court CANNOT be challenged or overruled. Such powerful right can be misused by the corrupt and this is the biggest stumbling block to ensuring that our Judiciary is absolutely CLEAN and above-board. IF the Ketua is honest, fair and impartial (what Islam expects) then surely our Court will be held in high esteem by residents and outsiders alike!

One weakness of the Ketua is that he cannot write top-class judgements....observe...he is usually accompanied by Edgar Joseph Jr who then writes the judgment and Ketua always says "I concur". This is another bad practice of the Appeal and Federal Courts...only ONE judge decides and the other two become supporters!

Mokhtar Sidin was in London recently with lawyer Lingam. (Lingam in Hindoo means penis) It was all a fully-paid time for Mokhtar..... hunting and securing white women and bedding them. But what troubles the judges who learned of such a misconduct is that Mokhtar was there as ADVISER to that lawyer! How low can one get?

Can we continue to have a judge who is subservient to a lawyer?

That lawyer is lucky. He was made a Dato when his client in a successful libel action decided to recognise his victory by presenting some cash to a royal court in return for the award of Datoship for the lawyer. Semua boleh beli!

While a mobile phone is useful to a judge, all honest judges cannot afford such luxury..but Mokhtar and his wives can! They look more like pimps running around the courts or at best like businessmen who have no business to be in or around the courts or the judiciary..

Eusoff Chin wants Mokhtar Sidin as a Court of Appeal judge so as to ensure that such a Court can decide in favour of the parties who have bribed Eusoff. Eusoff now sees that several of the CA judges are not doing his (Eusoff's) bidding. So he must tilt the scales if justice (should it not be IN-justice?) to be in favour of those whom he, Eusoff, favours? This helps maintain a stranglehold on the Court of Appeal and also keeps money coming in!

Sad that injustice can be sold while others suffer!

U.T.J. Special
Issue.

We asked the members of the public for their honourable views on the Chief Justice's recent outburst against judges. Here are the comments/response

University student:

I had met the CJ at a law moot and I was disappointed. I had expected one with worldly views and judicious conduct and temperament suited to the high judicial office. He came out as one who harbours greed, anger and the stand that he is mighty. No wonder he now goes against the judges who in many cases are superior to him in qualifications/intellect as well as by their open-minds!

Taxi driver:

Oh, itu majikan makan pekerja! Dia sebagai ketua mesti tinggikan taraf orang? dia dan tidak menjatuhkan maruah manusia apa pun. Tidak sopan!

Secondary School student:

My father told me about that. I thought only kids are being scolded for lateness. Don't judges decide on prison terms, life or death to drug offender and murderers apart from their decisions on multi-million \$\$ cases. So what is the big deal if judges are late to office but start court on time? He as the Chief should protect his judges and not spoil their reputation. My father said the CJ (Chief Jumbo) is mad!

Law Lecturer:
Deputy Minister Dato Nazri is
a man with fine style. examine
his words when he spoke at ALA
General Assembly. He put it so
nicely:

"You have to expect that every action
and word emanating from you in the
course of duty or otherwise will
naturally be scrutinised and analysed
in minute detail by the public
and the mass media.

Any action, conduct or statement which is
prima facie of a dubious nature or which may
reasonably be interpreted as unfair or unjust
regardless of its veracity will most certainly
result in suspicion and repugnance by the
public....or at the very least in a general
feeling of uneasiness and disquiet towards the
integrity and dignity of our justice system"

Is that not sufficient rebuke
of the Chief Justice ? His
harsh and unwarranted scolding
of the judges in public has
undermined the sound legal sys-
tem. Now the public feels noth-
ing but repugnance against the
judges and Courts. The integ-
rity and dignity of the
Judicial system is "kaput"
and this is caused by none
other than Eusoff Chin.
We can save the Judiciary
from further erosion if we
despatch Eusoff Chin as Consul
to Haadyai or retire him in
the Public interest.

Journalist:

He wants us to write all nice
things about HIM but what
emerges from his mouth are all
vile and vicious, unholy and

Before too late.....!

Views from many others are in

who are the dogs of the Ketua?

(Read about the loyal dog first.)

Edgar Joseph Jr.

Writes Eusoff Chin's judgements and does the research into the cases in line with Eusoff's premeditated decision. The decision is usually in favour of the parties who have met and bribed Eusoff or any of Eusoff's henchmen. They then write the judgement to make sure Eusoff's KAWAN will wininjustice is being sold!

Edgar will then write...and several of his decisions are off the mark. He criticised HAW TAW TAU but went on a bingo of his own...and as a result our Malaysian judgments are now suspect. He did this merely to spite his other Malaysian Federal Court brother-judges like Tan Sri Azmi who was in favour of the old decision. When Edgar made the new law his aim was to ridicule the other Fed Court panels but now it is evident that England, Brunei and Singapore Courts cannot accept Edgar's decision in Koo Hii Chiang which is bad law! So Edgar and all other Judges, BEFORE YOU DECIDE kindly make sure you research deeply into the facts and the actual/relevant laws. Don't let personal feelings play any role. AND REMEMBER: OUR NATION MALAYSIA MUST COME FIRST. DECIDE WISELY SO THAT OTHER JUDGES AND PEOPLES OF THE OTHER COUNTRIES CAN RESPECT SUCH DECISIONS!

Anyway, to reward Edgar, Eusoff took him to Canada whereas Peh is given no trip. Wan Yahya was offered to Phuket/Chiang Mai and he naturally declined. Dzaidin now socks it to Eusoff and so Eusoff took him to Australia! If we think of a leader who is trusted to distribute the favours impartially it is clear Eusoff is misusing his office!

Mokhtar Sidin.

A corrupt man is being held in high esteem by Eusoff. Why? He is given land cases. Loads of money there. He is given special cases here and there in various towns of Malaya. This is indicative that the other judges are useless or impotent. An insult to the other judges. Does not Eusoff realise the damage he commits against our Nation? And now it is well known that this feller is unethical and his misconduct and indiscipline are the by-words among the practitioners....to add insult to injury to the profession. Eusoff selects Mokhtar as Chairman of the Disciplinary Board. Why not the really decent judges like Haider? Pajan? James Foong. Haji Idris? KC Vohrah? Dennis Ong and Ian Chin and a few others (excluding Eusoff's dogs) Eusoff wants him as the next Court of Appeal judge, again to strengthen the strangle-hold of imposing Eusoff's decisions at that level. Also Mokhtar is given a SPECIAL COMMERCIAL COURT which used to be presided by LOW HOP BING (more on this later) This special court deals with Vincent Tan's and other cases brought in by V.K. LINGAM and others who have direct dealings with Eusoff.

1st. Extension

(from previous page)

In this special court only selected cases are registered and the decisions are in favour of those who bribe Eusoff and his henchmen. With the state Mokhtar is in, to put him in this special court is like putting an ant in a plateful of sugar! Habis-lah!

Low Hop Bing:

This is Eusoff's ball-carrier, neighbour and bribe-collector. Also apple-polisher, cronny, SPY and killer in that he can kill any other judge or JC whom he dislikes by giving bad reports to the Chief. Chief LOVES him a lot. Chooses him to lecture here, there and some more and to represent the Chief in big functions. Makes all the other judges low because if LOW is chosen by Chief over the heads of the rest, it must mean that they are not so "bagus". isn't it that clear? Chief has said that the next Court of Appeal judge among the Chinese must be LOW, not Tan, not Ong, not Chin, not Ho etc..

And to reward LOW, Eusoff made him as head of delegation to represent Malaysia in Thailand whereas Hamid went along as a passenger. That Yu Sow Chin in Eusoff Chin is making itself apparent.

He liaises between Eusoff and litigants including convicts collects the bribes and passes them on to the Chief. (safe?) The ACA cannot connect Eusoff to the bribe nor the payers ... a new modus operandi after Tun Ham's fiasco, with the MBf chief and their matters.

This judge can instruct other judges/JCs to strike out cases, make illegal orders and even acquit criminals PLUS convicting innocent persons just so to satisfy some people who PAY the Court (Eusoff, Low and a few others) in order to punish those people's enemies. We need not list their names nor their cases here because the public is aware of at least THREE such cases!

He recently ordered Fed Court judges Lammin, Peh and Wan to acquit the corrupt Magistrate (Whom he used to represent while in practice) but these three refused and they decided to pass the case to another panel... pass, pass and when the heat cools, Eusoff's Panel with Edgar or Sri Ram will find for the Corrupt Magistrate and they will reinstate him and can even promote him (after money has passed to certain interested judges) JUSTICE... in the RAW!

Now he is sent to Shah Alam to do specially-selected cases of parties who have made arrangements with Eusoff or Low himself... and to keep an eye on Faiza whom Eusoff despises.

Hashim the Dutchman.

This is a very nice man but being a member of the Chief's IN-group has made him lose his sense of mediocrity when he now acts big. Chief selected him to topple Fed Court judge Dzaiddin from the post of President of ALA but Dzaiddin is no pushover and so he sticks! Goes to show the level of politics to which Chief has stooped in order to place only his henchmen in the various committees, bodies and the other positions. Chief, by doing this, has side-tracked all the other judges who are even more competent, likeable and many of whom are highly regarded in the Law Associations of Asean, Asia and International while Hashim is nobody! But clearly Chief is not concerned with improving the good name of Malaysia, only with protecting his backside!

We have internationally recognised judges like Dr Visu, K.C. Vohrah, Faiza, James Foong, Tuan Syed, Malanjum, Dato Ariffin of Negri, Dato Ranita and some others...nowhere do Hashim or Low or Azmel or Mohktar appear. Maybe Edgar or Tan Sri Harun (we miss him).

Hashim's wife was a Dutch working in London and she smokes by chimneys...and she dislikes Malays which she shows clearly (she loves her husband who is now very high in the Malaysian judiciary) There is double standards. Hashim with his foreign wife can be appointed whereas there are other Malaysians who have been turned down because their wives are foreigners. Think again!

As a reward, Chief took him to England when in reality he is so junior. Why cannot Chief apportion these overseas trips by seniority so that every JUDGE will get his/her chance. But make sure also that there is FAIRNESS in the selection. It defeats the very core intention if Chief sends those whom he dislikes to nearby places like Medan, Singapore or even Haadyai while he sends those whom he LOVE to Canada, USA, Europe, Japan etc... Do similar selections for those in the Court of Appeal and the Federal Court!

Yes, we do know that Tun Ham also had his favourites. He took Faiza and Faiza's wife abroad plus a few other judges on previous occasions. GUNALAH WANG KERAJAAN DENGAN AMANAH DAN PENUH TANGGUNGJAWAB UNTUK KEBAIKAN BADAN HAKIM-HAKIM.

Azmel:

For his special services in the Air Molek case, chief specially accompanied him to Canada...fed him and nursed him. The public was crying out for answers but Chief and Azmel were happily lazing in the bright Canadian sun, jollyng at night-clubs and taking the attitude of "Go to hell with the Public".

Azmel :

Ask why he left MISC...and had to languish in the law firm until his relatives Tun Ham to give him a chance as a JC. He is not so well respected as Dato Ariffin Jaka who commands great respect for his independence, wealth which he gained through hard work and from his own sweat of having worked successfully in the legal field. Azmel is down below and he should have declined the JC's post in the good name of our beloved Malaysia.

Dato Kadir Moosa.

Dato Kader Mousa.

Whichever way one looks at this man, he has a lot he must HIDE. His very bad experiences in Penang...he threatened the people there with arrest just because he was asked to produce NRIC at the hospital...led to bad blood with the Courts. In Seremban where he crashed through Police cordon. In his own state where he did so much DIRT that they pushed him out and Trengganu refuses to have him back there even as a JC. Can you imagine such a situation? So how can he be appointed a judge? He is so SUBSERVIENT bordering on the slavery level that he gets on well with TOP people be they Royalty or any Chief...his speciality? HE KISSES THEIR HANDS AND PROSTRATES ON THE GROUND and his sweet wife is asked to do the same. So iff it is a qualification that a JUDGE of the High Court must KISS bosses' hands (and other parts) then this must be the proper person...but is it? Don't judges have to be of good breeding where they don't succumb to such lowly tactics to win confidence.

When he KISSES his bosses' hands and feet, it seems those nearby can hear the hissing sounds. Must be delicious!

That is OK but what bothers most judges is that this rascal is corrupt and is still under Tun Ham's directions to acquit (in criminal cases) and award for parties who have bribed the bosses...Can we afford to have such a person as a Judge?

He is CRUDE in Courts, oftentimes INSULTS lady interpreters and (one instance: he asked a lady while the case was going on "what is in front, under your sari?") and wastes the time of DPPs and POs by asking them into his chambers to yarn and to hear him CRITICISE other JCs and Judges...he says he is the best JC in the world!

Fairuz:

Ask him how much he got from the MAE matter? He decided in accordance with Tun Ham's directions...and both benefitted but the Top gets a better cut! Not bad Fairuz gets promotion! Must emulate.

Helps You Think.

What sets humans apart is the ability to think and this can differentiate them from the animals.

Did we THINK?

It is illogical and unethical for Eusoff Chin's wife to remain in the Legal and Judicial Service now that her beloved "swami" is the top gun. Her status must be higher than the sessions judges and legal officers.

Her place in AG's Dept puts others in problematic and dire straits...they have to do her work when she goes away as Chief's wife, and her absences exceed entitlement and are not recorded. Then she is wrongly given priority when in fact and deed her services are not quite good, just mediocre! This unsettles the others in the Service and demotivate them. The honourable step to take is to resign just as the wives of honourable judges have done in the past. Do you remember these men with integrity who sacrificed their wives' career in order to uphold the good name as Judges. Kudos to them.

Can Eusoff Chin misuse the Chief Registrar for himself? She is to do work for the whole Department but Eusoff orders her ONLY for his own official and personal services with disregard for the other JUDGES in the Federal, Appeal & High Courts. Bad leader, bad organiser!

There is a wastage of JUDGES. Some towns do NOT require the number of judges/JCs they now have. You can REDUCE in Kangar where the judge does only 15 minutes work a day, and in Alor Star, Ipoh, KB, Kota Kinabalu, Johor Bharu. No NEED in Taiping, Sibul, Sandakan, Sungei Patani, Melaka, and two others REDUCE as you are wasting the public money and NOT achieving

not achieving RESULTS with-
time and budget. Can you
see any Court working in the
afternoon until 4.15 or 4.30?
I bet you a Million RM or \$ or

the international corporate
leaders do not trust the Court
They say they don't mind if

Do you know Eusoff despatches
officers from KL to spy the
High Court judges in the

Seems no one in particular BUT what the CJs of the Federal Court and ii High Court of Malaya has been doing and will continue to do will be to instruct that CERTAIN files of cases with INTERESTED parties will be taken out of the Courts not aligned to them and then transferred to these special judges. And you know the results in advance with an advance!

Hey Muthu: wanna become a C.A. judge? No. I am already receiving \$250,000 on a case, so what's the big deal? Aha, you don't know...some of the cases you will preside over can bring you half a million...do six or seven of such cases/appeals in a year and you are better off. Need I say more? And do you THINK Muthu could decline such an offer?

Eusoff and the Inner Cabinet were in planning session...how to kill KC Vohrah and Syed Idid? Member 1 said: Reduce the Criminal Division from 4 to 2 Judges and make KC head it...others cannot say we demote a Non-Muslim. Member 2: Yes and as KC has a heart condition and he hates criminal work, he will soon expire. Member 3: Syed Idid also has a heart condition. Member 4 quickly chipped in and said: For him, it is even easier.... Put him under Mokhtar Sidin which shows we have REDUCED him in ranks...and let Mokhtar do his mumbo-jumbo. Give him the busiest Commercial court so that he can die at work! And the members then laughed.

SNIPPETS.

What really are going on in our midst?

Since just before Tun Ham retired, and much upon his own doing, continued by Eusoff our judges are not having it so judiciously! Poor souls!

Shall we discuss:

Peh is more senior to Edgar. How come one is still a Dato whereas the other is Tan Sri?

And Peh used to write a lot of judgments and disposed of a lot of cases (in High Courts) and appeals at the Agong or Federal level.

How come the lawyer who actuated the criminalisation of UMNO is elevated twice over direct to the Court of Appeal? What harm could he do if he were first appointed to the High Court and then from his "judicious temperament" and extensive command of the law, he should easily climb the next ladder? Nasi sudah jadi bubur.

Eusoff Chin hated/hates Justice Dr Visu..immediately sent that honourable judge post haste out of KL to suffer in the wilderness...just disliked his looks and his fame for having written books and also for the respect Dr Visu is given by lecturers, students, practitioners and others (which Eusoff lacks).

Eusoff Chin hated Richard and even up to the last date of that honourable judge's service at the High Court, Eusoff refused to grant him a meeting for bid farewell. How mean can the Chief be?

Some judges who retire get farewell dinners which the other judges have to foot but some other judges who also retire are refused such honours. What is wrong with making it a just and standard practice to hold FAREWELL DINNERS/LUNCHES for every Judge of the High Court, CA and the Fed Court?

Y.A. Dato Ranita had to resign..she is a very pleasant lady who excelled herself at the AG's Chambers. While there she had the unpleasant task of having to rebuke a young girl who was paid an officer's salary but was wasting Government time during office-hours. That girl

made calls to outsiders. Now that girl is able to pillow-talk until Ranita's life on the bench was made hell. Ranita is honest and certain people cannot tolerate such high-quality habit. Malaysia must have judges of such calibre. How many more JCs will not be put up as judges just because they had tiffs with the "nice" girl? If the criterion is that one MUST be sweet to the girl, then our Courts will suffer from Image problems. We members of the public cannot condone this.

Continuation of SNIPPETS

Once Ham and Eu damaged the old seniority tradition, JUSTICE now becomes a commodity to be traded...you be nice to me, I'll promote you. You cross me, I'll transfer you to any Court which you do NOT want to go to...to Sandakan or Kota Baru or Sungei Patani.... You hate that place, I'll send you there so you will suffer.

We have judges who are highly respected in their community and whose integrity is unquestioned. Can we name them?

Charles Ho, John Chong, Hj Idris, Mohd Arif. Why were they not promoted? ((Malek!))

Then KC Vohrah, an illustrious and meritorious judge of high standing within Malaysia and international, followed by Dennis Ong (Another East Malaysian judge whom KL also disregard), Datuk Wira well-loved in Melaka before he was sent to Commercial, Tuan Haidar who has wiped out the backlog in Johore, and Good Old Faiza whose prowess in Bahasa scares Eusoff who is only moderately schooled in English. ((Ahmad Fairuz)).

After that Aziz who is in cold storage. But don't be overly surprised if Mokhtar Sidin is promoted OVER all the above honest and honourable judges of proven records. These judges whom Eu (Eusoff) refuses to acknowledge are endeared to upholding truth and the Malaysian Constitution. So what is wrong with them? What is their defect?

Below many other judges, be ready to accept AZMEL and HASHIM in the Court of Appeal soon...unless sanity returns to the Judiciary! Oh Lord!

Session with the CJ:

Those who have had the bad for-tune to hear Eusoff would attest to the fact that any session with him is a MAKI-time. He speaks only ILL of all judges, magistrates, as well as of Ministers, civil servants and even of his close colleagues. If you are with him he condemns X, Y, Z and A. He brings out their secrets (That judge Y tried to... etc...) but when Y is with him, he would condemn B, C, D etc... And it would continue... everyone is bad. Only Eusoff is best.

Eusoff has close connection with The SUN... when the Judges met in Pulau Langkawi, Eusoff blasted them. It was The SUN which front-paged "The TARDY Judges" and this led to some judges telling their wives not to reveal to people that their husband is a Judge. To be a judge is now a disgrace and a shame. Don't you THINK?

When Eusoff wants to go abroad he wants the judges to meet him, pay HOMAGE to him at the airport and gracefully send him off... he is now LORD once again. If any judge does not send him off, that judge might as well retire because Eusoff will write him off. And you who are members of the pub... bar? or pub? what we mean is the Public!... Do you want judges to be relegated to such servile levels? It is a waste of Government funds and makes the judges to WASTE good time which they can better utilise for writing sound judgments. See you with Eusoff at the Terminal...bye!

"There is a great man who makes every man feel small. But the really great man is the man who makes every man feel great" (Chinese proverb)

Who is "a great man"? And who is "the really great man"?

Any chief who 'redicules his judges is indeed petty and should resign!

Eusoff protects his special lackey in judge Malik of JB. Can you imagine that Malik J of JB can overstep his seniors in that Station? He can just grab any file or case from the other judges... of cases where there is money PAID to him of to Eusoff... ON THE SIDELINE. Malik misuses his position and bothers the State officers, harrasses them, threaten them and promises to do their bids! In return he demanded for LAND in Johor. (he did the same in Kedah) and the Johore officers were so confused that they had to give in and registered some lands in MALIK's name. Is this not a thorough misuse of one's status? State officers were heard to remark: Apa ini? Hakim ini benggong kami!

Is HASHIM a flying or grounded Dutchman? Grounded because he can only decide or move when his Dutchwife orders so!

Who is the noisiest hardest hand-kisser? Kadir Moosa... who specialises in kissing bosses' hands... as he has no true grit as a judge of good sense. Is this the QUALITY Malaysia expects of people to be selected as top-class judges? Hand-kisser and then what next?

Mokhtar Sidin is the ONLY one judge whom Eusoff sends to ALL stations/courts all over Malaya? What is so special in this Papua New Guinea-looking "wrongly appointed" judge? CJ

Imagination. 2.

(Continues)

CJ Eusoff may have some fond feelings for him or else there is hard cash relationship. ACA can probe and dismiss....why delay? Other countries have caught their judges and thrown them out...and their Judiciary becomes strong without these bad and wierd characters.

There is a land matter in Kuching and a top judge in KL is negotiating, so that he can "select" a special judge to hear that matter and give an order favouring the party who is in close proximity with the KL top judge.

There are two similar matters in Perak, one in Kedah, one in Terengganu, Melaka, Sabah, and two in Negri Sembilan.....top judge negotiates with only one party and if agreeable, top judge will APPOINT a judge who can see the SAME way..and that favoured party is sure to win. In Kuala Lumpur Courts (too many) the top-judges will call one or two judges to TAKE OVER certain FILES and hear/try those ---from other judges who have the right to hear them because these cases/matters are in the respective courts. All our Prime Minister and the ACA need do is to call for the list of cases which, say, fall inin ONE court but is taken over by a judge of ANOTHER Court....and remember also to check the SARs or DRS who register these cases....Param Ku Marah Samy talks big but his own kinsmen are playing the fool with the High Court Registry..Modus Operandi? A law firm comes with 5 or six sets of documents and files in to ensure ONE set gets into the Court/Judge that they WANT or the JUDGE they have made an agreement with. How much lower can we drop?

(Read Imagination 3)

(Is this too long? Is it boring?)

Two camps in the Judiciary. ONE comprising Judges and Officers whom Eusoff Chin loves; the other has no camp but they are not liked by Eusoff. Those whom Eusoff love, he has them next to him, in his chambers, all over him all the time, at makans, meetings, secret meetings, when he hosted a birthday party for lawyer, at his home, at airport to see him off and return, and when he is lonely or in trouble. He has and will continue to promote such cronnie unless Islam or the PM stops such dirty tricks. Little does he care that those passed over can and do lose face ("jatuh air muka") and the insiders/outsideers say the judges are not up to the mark whereas they are superb and those whom Eusoff chooses are parasites and dishonest.

Check a Money cases and Murder inin JB, Ipoh...their parties have met Eusoff to help ONE side. Also Drugs cases in the North, KL and Seremban...they will be acquitted!.

Check: The top Drugs Lords of Asia met the present and previous top judges and after some cash had passes, the top judge agreed to change the draconian laws and FREE all drug traffickers...by playing with the words...cannabis...is it cann or habis? Habis...What the Malaysian people and Government want...to hang all such bad persons who pollute our country and bring death in their wake...And now the COURTS, under Eusoff, find such baddie NOT guilty and just sentence them to a few years. THIS will encourage more DRUGS into our country.. Eusoff: STOP your disloyalty.

Have you heard of lawyers who now dare meet judges to offer the judges cash? Never before!

At our press time, the news-
papers estimate that the loss
at the Penang Courts, from the
misappropriation by the court
officers and staff with some
outside guidance, is RM200.00.
From our examination of the
files and records, RM692,000/- and
will exceed RM1.1 million. In
can go up to RM1.1 million. KL, and
Penang alone. Ipoh, Kuantan, and
Alor Setar, there will be
JB. The losses of RM2.6 millions.
Such misappropriations are
common in our courts and the
Chief Justice head must tender
his resignation. Seeing as we
do that he puts his fingers in
all the pies and takes over
the administration of all the
courts, he must now depart! He
is lawfully ONLY the Chief
Justice of the Federal Court
and not CJ of Malaysia. As
such he must to the Federal
Court, administer that court
in accordance with law, rules
and the constitution. If even
that bit he cannot perform pro
perly, then that is proof he
is no good!

How do the court people screw
up peoples. (Litigants and
those charged) money? They
take the cash etc. and do not
pay-in and do not BANK-in. Yet
the DRS and SRS who are on
high levels of L1 and L2 just
do not care and these are the
irresponsible officers who
should be arrested and charged
as well. East and west
country. Innocent persons
Malaysia, to deal with our
who have, lose their life-
savings and they suffer while
the court staff, under Eusoff
and Tun Ham, just smile and
become fat. They are protected
by Eusoff and court chiefs. Is
this justice that you and I
want?

Imagination.5.

SCARRY, isn't it, when appeals and cases are LOST or WON in the Courts merely on who your lawyer is? The Courts have selected certain lawyers for their 'death' treatment which means IF you choose these lawyers to represent you, YOU WILL LOSE!

The Court of Appeal and the Federal Court also have some AVERSIONS or DISLIKE of some judges, and if the appeals are from the decisions of these judges, these judges will be OVERTURNED! If you don't believe this allegation, CHECK the full records and the FACTS will stun you. What we want is that decisions be made pure and simple on FACTS and the LAW and not left to the vagaries or the uncertainty of who the lawyer is or who the judge is. In the Court of Appeal, Lamin forces his judges to agree as a unanimous panel...so what happens is that they go round and round and gather ONLY the judges who would agree with the chairman of that Panel, and by so doing that chairman may have negotiated a deal with ONE of the parties and the two other Judges may not feel or know of such dealing and they JUST GO ON FOR THE RIDE! Is this the sort of JUSTICE that our Malaysia expects or wants? So if Tun Salleh, Thomas and 8 other lawyers appear in these Courts, brace yourselves because you will lose. Check it out!

Tun Ham, before he retired, had agreed with parties to do some favour for them but these 124 files are still pending. So he has ordered that these be given to special judges so as to ensure that the specific parties will WIN even though they, on principles and facts, do not have any cause to win! These 100 plus files are being held by a top judge and distributed to certain judges and

Imagination . 6 .

these judges will favour the chosen parties as directed! There are, it seems, 6 outsiders who go round to parties and convicts with offers to put them in touch with judges AND upon good monetary terms a deal can be struck.

One lawyer was brave...he went up direct to an honest judge and said his client wants to offer some RM to that judge. The honest judge was taken aback and got furious...but the lawyer coolly explained that as his (the judge's) predecessor had taken bribes, it was felt that the current judge may be similarly inclined. Oops...sorry, didn't mean any harm! Sorry to have told you of the previous holder of the office...and the lawyer slithered away into the grass.

The case of the two dark convicts...convicted by the Sessions Court and the High Court upheld the convictions but when it came before the CA a dark judge simply overturned the conviction and set them free...without caring for the previous decisions of the Supreme Courts and the true principles of the law...the dark judge just threw out the convictions of the two dark convicts WITHOUT hearing the D.P.P. In fact the DPP was told to shup up and sit down.. So on the Court Records it will appear as if that DPP was silent or had nothing to say. So, ladies and gentlemen, our Court records can be DOCTORED! In another case, the same dark CA Judge, when he chose to favour another convict, yelled to the lady DPP to get out and resign. What sort of courtly conduct is this? Ministers, politicians, public please enter and do something! If the rot continues, our children's future will be DIM and

Imagination. 7.

(from Imagination 6.)

and our Nation will be the butt of jokes...even the D.P.M has cautioned: There are only TWO kinds of lawyers...those who know the law and those who know the judge. This is no laughing matter.

Did you imagine that any cigarette salesman can meet Top Judge? He met and asked for approval to advertise his cigarettes with the majestic Supreme/Federal Court building as its mainstay. Quietly some RM changed hands and now you can see these boards all over Can you understand?

Eusoff reneges on his word... He approved the amendment to abolish jury trials which most citizens agree with. Then he issued a circular to retain jury trials which now continue to burden our courts and slow down the process of doing away with cumbersome burdens. No wonder the AG was furious but backed down as someone closest to Eusoff works in AG's chambers and will learn of the secrets of the AG's thoughts. If Singapore could do away with jury trials in one go, why can't Malaysia? Their CJ is honest and once he holds a view he sticks to it.

Eusoff hates his judges who write books or sound lengthy judgments. That is the sole cause of his sending Dato Visu out of KL to Muar, intended to make Dr Visu suffer...and in the midst of talking to his beloved (Inner Cabinet) Judges Eusoff condemned Dato Syed and remarked: He thinks he is the Lord Denning of Malaysia! And the Inner Cabinet spread the vibes and bad feelings!

(On to Imagination 8.)

Imagination. 8

Ask the three males charged for lotteries offences in Magistrates' court Kota Kinabalu... Tun Ham got his relative Sulaiman J to order the poor frightened Magistrate to throw out the cases; this surprised the DPP. Ask another relative Zaleha about the big awards she made upon request of her in-laws... and ask Malik Ahmad why he made that strange decision that Malaysian companies cannot sue Berjaya in any other parts of the world? Some winds are blowing our way. It is time to clear the cobwebs and accept only world-class Judges in our midst... Islam will be the richer for it!

We hope the Government will provide Judges with hand- or mobile phones. The honest ones cannot afford. These are for security. But Lo and Behold! Mokhtar Sidin has one. Low Hop Bing has one. Azmel has one. Hashim has one. Aren't these within Eusoff Chin's Inner Cabinet? They are seen openly ringing each other and also speaking to the CJ often... as in the protection rackets of the Underworld.

The Bar Council wanted to CALL UPON the Chief Justice but Eusoff smelled that they wanted to inform him that any attempt to promote or widen the powers of Mokhtar Sidin is indeed bad and inexcusable in view of the market talks and facts... so Eusoff rejected the request. He loves Mokhtar. Mokhtar's arguments with Mona Affendi's counsel in Pahang does not dent Mokhtar... instead such altercations between a Judge and Counsel is liked by the Chief... silly, isn't it?

Do you want more TRUTHS?
(Turn to Imagination 9)

Imagination.9. The Ultimate.

The Court of Appeal and the Federal Courts are not enforcing the laws of the land. The Government want drug barons and their henchmen to be put to the gallows and eliminated but instead the CA and Fed Ct thwart such good intentions of the law. The traffickers are now punished lightly as posses sers... and they enjoy prison food, lots of rest and peace of mind for a short while then FREE. The big towkays who rake in billions of RM negotiate with the Chiefs and so now the traffickers are protected and the towkays can recruit more people to carry drugs... and with such a situation, the Mahathir's Government's bid to stop drugs into or in Malaysia is foiled.

There is a CA judge who lashes out at DPPs, faster than a snake can. Is it any wonder that the snakes and pythons are coming out of their hide-outs? A python in Johor gulped down a human.

The Chiefs are very afraid of a CA judge. Oh Gopal, ada baik ka? Sometimes it is Sri Rum... He would bellow: "The PM calle d me the other day..." or "I was with the PM and I told PM this..." Frightening?

Why does Eusoff Chin ONLY pick someone known for his indiscipline to become the Chair man of the Legal Profession? He picks Hashim for ALA. He picks Azmel to head the Appel late Division. He picks Low Hop Bing as special Speaker and paper writer at ILKAP and at other functions. AS IF there is are no better judges than these beloved judges which Eusof nurture and protect and who in turn TAKE CARE of Eusof

We love Justice more than we love Judges. WE LOVE OUR MALAYSIA. God Help us please.
